RFID Solutions: Manufacturing

Run a smarter, leaner facility with RFID solutions from Zebra

In today's manufacturing environment, every movement matters. Zebra's advanced RFID solutions give you the visibility and real-time data you need to keep track of assets and inventory with minimum worries. You get greater visibility and true interoperability, all in a system that scales alongside you. With a comprehensive, end-to-end solution that delivers real-time insights, everything works as one.

Manufacturing

Increase productivity from the plant floor to the finished product:

- Materials management
- Item-level inventory visibility
- Work-in-process (WIP)
- Vehicle and yard management
- Asset utilization/tracking and analysis
- Shipment validation

- Supply chain tracking/management
- DSD route accounting/field service
- Fulfillment/replenishment
- Tool tracking
- Theft prevention

RFID Solutions: Manufacturing

Hardware

ZBR2100 and ZBR4100 Inlays

For standard environments or precision reading, these inlays offer market-leading performance on 4-in. wide labels.

ZT600 Series Printer

Enjoy rugged durability and exceptional performance on a user-friendly, future-ready printer platform.

FX9600 Fixed Reader

Automate nearly every aspect of your inventory management with industry-leading read rates, exceptional read accuracy, and superior RF sensitivity.

RFD90 Handheld Scanner

Track assets and inventory from anywhere with these adaptable scanners that are built to perform in demanding environments.

ZQ630 Plus RFID Mobile Printer

Reduce errors and RFID-label items faster by printing/encoding at the point of application with this lightweight, durable mobile printer.

AN520 Antenna

High-throughput, high-capacity communication in a low-profile device for indoor and outdoor environments.

ATR7000 Fixed Reader

Get accurate, real-time location data of all of your inventory, equipment, workers and more.

Dock Door RFID Portals*

These integrated portals can reduce the need for manual scanning at common chokepoints, and feature specialized antennas to tune out cross-talk.

*Not available in all regions

WhereNet and BLE Tags and Beacons

Get accurate asset and personnel visibility over long ranges or via proximity.

Whereport

Know where your assets are and where they are going in real-time with these high-precision exciters for managing tags and tracking work-in-process.

Software

IoT Connector

Easily route data and customize your Zebra fixed RFID readers with simple drag-and-drop programming options.

Zebra MotionWorks Enterprise™: RFID Reader Management

Control up to thousands of RFID readers and a range of Zebra passive RFID readers in a single platform, enterprise-wide and in multiple locations.

Note: Products and specifications subject to change without notice.
